C.L. "BUTCH" OTTER, GOVERNOR
ROGER B. MADSEN, DIRECTOR

TRANSMITTAL #1

MEMORANDUM

November 15, 2012

TO: Workforce Development Council

FROM: Roger B. Madsen, Director Roger B. Madsen

SUBJECT: Eligible Training Provider List

ACTION REQUESTED: Approval of training providers for inclusion on the state Eligible Training Provider List

BACKGROUND:

The Workforce Investment Act requires that state and local boards approve training providers before WIA funds can be used to pay for occupational training. The Workforce Development Council has the authority to approve eligible providers for inclusion on the state list of eligible training providers. Current providers on the list have been approved by the council for courses added since August 2012. These providers will remain on the state list subject to continued performance. The goals for Idaho's Eligible Training Provider system are to maximize customer training options, improve customer information and comply with WIA requirements. The state's Eligible Training Provider List can be found at: http://labor.idaho.gov/wia1/allregion.xlsx.

To maximize opportunities for training provider participation, the council has authorized the Idaho Department of Labor to review and tentatively accept applications on an ongoing basis. All applications to the Eligible Training Provider system must be submitted to the department for tentative approval. These tentatively approved programs are then presented to the council for formal review and approval for official inclusion on the state's Eligible Training Provider List.

Inclusion on the Eligible Training Provider list does not mean the council has endorsed the training provider.

Attachment 1 lists those providers that have been tentatively approved for the WIA program by the department.

Training Provider Expenditures

During the August 2012 Executive Committee, council members requested more information regarding the training/tuition expenditures made on behalf of WIA participants to WIA Eligible Training Providers during the most recent program year. Council members wished to review the activity taking place among WIA training providers to determine the impact WIA had throughout the state. Members also

wished to increase the accountability of training providers to determine whether or not they were effective in providing participants the skills and abilities necessary to succeed once they left the training environment and entered a workplace setting.

In response to this request department has provided a table (Attachment 2) for the council's review. The table shows each provider, noted by the total amount of WIA formula funds spent during PY11, followed by expenditures by funding stream – Adult, Dislocated Worker and Youth. The department will attempt to provide this data on a quarterly basis.

Staff Recommendation: The staff recommends approval of the attached list of eligible training providers for official inclusion on the state's Eligible Training Provider List for WIA.
