KIDO 580AM – Media Partner

The Idaho Stampede, in collaboration with the Idaho Department of Labor and media partner KIDO 580AM, are working to help Idaho families get back to work! We are hosting a unique job fair event at CenturyLink Arena in downtown Boise from 12:00pm to 4:00pm on March 14 before the Stampede game. The intent of this event is to showcase local companies who are currently seeking new employees and provide a unique atmosphere for job seekers and everyone in attendance.

The event will be free to job seekers and will provide them with an opportunity to meet potential employers and receive educational resources for successful job searching and interview skills. More information about participating employers and available jobs is available online at www.idahostampede.com. Also, for attending the job fair, the Idaho Stampede will provide a special ticket offer for all job seekers and their families to attend the basketball game later in the evening (tip-off @ 7pm).
