

WIAB 12-13

DATE: December 20, 2013

TO: INL NEG Service Providers only

FROM: Marsha Wright, Workforce Bureau Chief 

SUBJECT: INL NEG Extension

The Idaho Department of Labor received a National Emergency Grant for Idaho National Laboratory (INL) workers effective January 1, 2012 through December 31, 2013. The department has requested a modification for a no-cost extension to accommodate those participants who are not scheduled to complete their specific programs until June of 2014, as well as any newly laid off participants who may benefit during this period. However, due to many issues occurring in Washington D.C. recently, the approval of the request has been delayed.

Department administrative staff has received word from federal regional staff that the INL NEG modification is being processed, seemingly working its way toward approval in Washington D.C. However, notice of approval may not be received until the last minute. And, if approval is not received, IDOL administrative staff will issue closeout guidance soon after the first if necessary.

If you have any questions, please contact Ben Phillips x 3398 or Rico Barrera x3316.
