**FROM:** Cheryl A. Brush, Chief, Workforce Systems Bureau  
**SUBJECT:** Additional Dislocated Worker Funds for PY 2003

Due to the major reduction in dislocated worker funding for PY 2003, an analysis of needs has been completed for the initial release of rapid response funds. Effective July 1, 2003, rapid response funds will be released as shown in the table below. The amounts were established with a priority to cover PY'03 obligations for participants currently enrolled who will be carried into the new year, and the known dislocation events – the Moore closure in Region IV and Center Partner downsizing in Region VI. The allocations were also designed to bring all areas up to 60% of PY'02 funding levels. No funds were awarded to Region III since their base exceeded the 60% threshold, known closures in the region are covered by NEG funds, and adequate funding is available to serve new enrollees. In Regions IV and VI, the addition of funds for the two dislocation events mentioned above raised the regions above the 60% threshold.

If you have any questions regarding these allocations, please contact Kay Vaughan at (208) 332-3570, extension 3310.
