

TRANSMITTAL #1

MEMORANDUM

March 13, 2013

TO: Workforce Development Council

FROM: Roger B. Madsen, Director

Roger B. Madsen

SUBJECT: Eligible Training Provider List

ACTION REQUESTED: Approval of training providers for inclusion on the state Eligible Training Provider List

BACKGROUND:

The Workforce Investment Act requires that state and local boards approve training providers before WIA funds can be used to pay for occupational training. The Workforce Development Council has the authority to approve eligible providers for inclusion on the state list of eligible training providers. Current providers on the list have been approved by the council for courses added since October 2013. These providers will remain on the state list subject to continued performance. The goals for Idaho's Eligible Training Provider system are to maximize customer training options, improve customer information and comply with WIA requirements. The state's Eligible Training Provider List can be found at: <http://labor.idaho.gov/wia1/allregion.xlsx>.

To maximize opportunities for training provider participation, the council has authorized the Idaho Department of Labor to review and tentatively accept applications on an ongoing basis. All applications to the Eligible Training Provider system must be submitted to the department for tentative approval. These tentatively approved programs are then presented to the council for formal review and approval for official inclusion on the state's Eligible Training Provider List.

Inclusion on the Eligible Training Provider list does not mean the council has endorsed the training provider.

Attachment 1 lists those providers that have been tentatively approved for the WIA program by the department.

Training Provider Expenditures

In response to the council's request from earlier in the program year for more information regarding the training/tuition expenditures made on behalf of WIA participants to WIA Eligible Training Providers, the department has provided a table (Attachment 2) for the council's review. The table shows each

provider and their respective expenditures by funding stream – Adult, Dislocated Worker and Youth - followed by the total amount of WIA formula funds spent during the first half of PY12.

Staff Recommendation: The staff recommends approval of the attached list of eligible training providers for official inclusion on the state’s Eligible Training Provider List for WIA.
