

# LOCAL EDUCATION, LOCAL CAREERS

**Promoting substantive and meaningful learning-** CIS provides a full range of career-connecting options for students to define goals and develop plans for life after high school. For 34 years CIS has been providing Idaho with the most reliable and current source of career information and resources.

## IMPACT

- » More than 350 Idaho Schools use CIS to help their students learn about the world of work.
- » Over 2,500 people statewide have been trained on how to effectively use CIS with students and clients.
- » This year alone, high school students throughout Idaho accessed CIS 228,800 times.

## AUDIENCE APPROPRIATE

We ensure the information we provide is relevant for each target audience by offering age-appropriate products.

Junior High

High School

College and Adult

## SERVICE AND SUPPORT

With extensive knowledge about education and work, training in career development and decades of experience, our staff members are eager to help you get the most out of CIS. Proactive and responsive customer service is essential to our mission. From training and support to curriculum and consulting, Idaho CIS is a trusted partner dedicated to help your career development programs succeed.

**Help prepare your students for life's next steps.

## COMMITMENT TO QUALITY

Our content is the foundation of the CIS platform. We provide a comprehensive library of occupation, education and employment resources and more quality career assessments than competing products. Our team of experienced analysts ensure that content is both current and accurate.

## LOCALIZATION

- » 90 percent of occupations listed in CIS are connected back to local Idaho employers that hire the occupation.
- » Regional data allows students to view the types of occupations available in their areas and the differences in wages from rural and metropolitan areas.

» Idaho specific scholarships are available in CIS that you will never find on a scholarship search engine.

» Seamless integration of national and local wage and job prospects to guide occupation planning.
